

**PRO COMP SUSPENSION NEW PRODUCT ANNOUNCEMENT**

*New 6-inch suspension for*  
**09 FORD F-150 2/4WD**

**2009 Ford F-150 4WD SHOWN WITH**

- PRO COMP SUSPENSION - 6" STAGE I SYSTEM
- PRO COMP WHEELS - 6088 SERIES 20"x9" - PN 6088-2936
- PRO COMP XTREME A/T TIRES 35 x 12.50R20LT - PN 501235

**THE BEST JUST GOT BETTER!** The mighty F-150 is all new for 2009 and loaded with the latest features and technology. Once again, Pro Comp is proud to be the first manufacturer to have 6-inch performance suspension systems available for both 2 and 4 wheel drive versions of these new trucks.

The engineering team at Pro Comp used state-of-the-art CAD technology to develop new suspension systems for the 2009 F-150. These sophisticated new systems deliver maximum performance and control without compromising the AdvanceTrac® with Roll Stability Control® (RSC®) systems now standard on all F-150s.

Key components in the new 6-inch systems are super strong extended steering knuckles and stylish new one-piece cross members that install easily and maintain proper CV axle angles. Systems for 4WD also feature a integrated front differential skid plate for added protection. New for 2009, cast rear block with integrated bumpstop pads and height adjustable rear kit allows for added personalization of vehicle stance.

Stage II systems include MX2.75C Motorsport Series coil over front shocks and MX6 mono-tube 6 position adjustable rear shocks for optimum on and off road performance and handling. Stage I systems feature front strut spacers and ES9000 rear shocks.

Allows use of up to 37" x 12.50" tires on 20" or larger diameter wheels. Wheels can be up to 9.5" wide, with a max of 5.50" backspacing.

*Shipping December 15th.* **ORDER NOW!**

2009 Ford F-150 4WD	Part No.	Jobber/ MSRP	Retail MAP
Stage I w/ front strut spacers and rear ES9000 shocks	K4143B	\$2307.64	\$1730.73
Stage II w/ MX2.75C front coil overs and rear MX6 shocks	K4143BMX	\$3540.04	\$2655.03
2009 Ford F-150 2WD	Part No.	Jobber/ MSRP	Retail MAP
Stage I w/ front strut spacers and rear ES9000 shocks	K4144B	\$2307.66	\$1730.75
Stage II w/ MX2.75C front coil overs and rear MX6 shocks	K4144BMX	\$3540.04	\$2655.03

\*Coming March 2009 - These systems will be available for 17" or larger wheels.

For high resolution images of these products visit Pro Comp's [Digital Asset Directory \(DAD\) CLICK HERE](#)

Features new high strength one-piece cross members. Systems for 4 wheel drive models feature an integrated differential skid plate for added protection.

Stage I systems feature front strut spacers with rear gas charged ES9000 shocks for an OE quality ride.

Stage II systems feature high performance front MX2.75C coil overs and MX6 adjustable shocks for the ultimate control.
